File: 15932442

Dear Mr O'Sullivan,

**APPLICATION UNDER THE VICROADS PREQUALIFICATION SCHEME –
MAINTENANCE AND GENERAL GROUP**

I refer to the above application from Prestige Paving Pty Ltd for prequalification at the following levels:

General – Road Surfacing Asphalt (G2-RSA)
General – Minor (G1)

Maintenance – Pavement (M2-PW)
Maintenance – Roadside (M2-RW)
Maintenance – Minor (M1)

The prequalification panel has considered your application and I wish to advise you that approval has been given to:

General – Road Surfacing Asphalt (G2-RSA) (Conditional)
General – Minor (G1)

Maintenance – Pavement (M2-PW)
Maintenance – Minor (M1)

With respect to the application for M2-RW, the panel considered that the company did not demonstrate experience in the work relevant to this level.

The G2-RSA level approval is conditional upon the Contractor not tendering on asphalt placement contracts involving work on highways or freeways in VicRoads Metropolitan Regions. This condition will remain in place until the Contractor gains sufficient additional experience and is subject to review by VicRoads at its absolute discretion.

Yours sincerely,

PAUL PETRIDIS
ACTING SECRETARY PREQUALIFICATION PANEL
